Here were my comments on the early draft of internal Q/A. Debby is reviewing this now but will need some help from you I'm sure.

Also, I've added a Q that responds to a negative article that just came out in the Intercept -- <https://theintercept.com/2015/11/03/epa-used-monsanto-funded-research/>

Thanks!

Linda

Hi Debby, as you are doing your review, I think the remaining thing on this is to make the language on risks consistent (how to characterize the risks to land animals?) and get a better answer to the IARC one. Also added a "conflict of interest" Q. See my edits.

I have not seen the web content yet – but would like to see an early draft of that.

Would like to get coms to Jim soon.
